The property

Wespenton is a handsome newly developed large house with highly attractive contemporary styling and an annexe apartment which offers the potential for multi-generational living. The main house provides beautifully presented living and entertaining space across four levels, much of which takes in the spectacular, south-facing elevated 180-degree panoramic views and welcomes plenty of natural light. Double doors lead from the entrance hall to the large ground-floor sitting room with its tiled flooring, a dual aspect and French doors opening onto the stunning terrace garden. Stairs lead from the sitting room down to the cinema. Back on the ground level, the fully fitted AEG kitchen features elegant shaker-style units, a central island and integrated appliances. There is also a fitted Franke sink and Quooker tap. Adjacent to the kitchen is a utility room and separate wine store with exposed stone walls and the original safe (with the key) built in. On the first floor there are two well-presented double bedrooms, both of which have luxury en suite bathrooms with bathtubs and separate walk-in

showers. The principal bedroom features a Juliet balcony with incredible views across the water. Stairs lead to the second floor, where there are two double bedrooms plus a family shower room.

The detached annexe sits above the garaging block, with a gym to its ground level occupying a raised floor where there is a fully tanked, piped and wired resistance swimming pool. This could be easily commissioned if desired. Stairs lead to an open-plan sitting room and kitchen with fitted kitchen units and integrated appliances. Bi-fold doors open from the sitting room out onto a south-facing roof terrace/ balcony, enjoying a fantastic dual aspect with far-reaching views of the estuary. There is also one double bedroom with an en suite shower room.

Outside

At the entrance to the property, electric private gates open onto the driveway with its useful car turntable. The driveway provides parking space for several vehicles and leads to the garaging block with its heated double garage.

There is potential for EV charging to be fully fitted, with the necessary wiring already in place. The low-maintenance gardens are mostly south-facing and feature a variety of 50 different trees, shrubs and plants including a wealth of colourful flowering perennials. The terraced area provides plenty of space for al fresco dining and entertaining, whilst offering far-reaching views across Looe and towards the pretty Polperro Coast.
