The property

Built in 2002 by the current owners, The Chateau is fitted out to a very high standard and offers more than 4,500 square feet of exquisite luxury accommodation across three levels. With its two conical towers, copper guttering and stone mullion windows reminiscent of a French château, the property makes a striking architectural statement. Inside, bold lines, granite flooring and bespoke fittings create a sleek, stylish environment, perfectly balancing historic charm with contemporary luxury. The property benefits from underfloor heating throughout.

On the ground floor, doors open from the welcoming reception hall to the main ground-floor reception rooms, which include the generous sitting room with its elegant chandelier light fittings, handsome stone fireplace and bay window with French doors opening to the terrace at the rear. There is also a formal dining room and a study, while the 29ft, open-plan kitchen, sitting room and dining room represents the heart of the home, with its dining area situated in the conical tower, spacious sitting area and bespoke, handmade

solid oak kitchen, central island and integrated appliances, such as a Miele oven. The ground-floor utility room provides further space for home appliances and storage.

Upstairs, the spacious landing leads to three beautifully appointed double bedrooms. These include the principal bedroom, with its patterned porcelain floor tiles from Porcelanosa, French doors opening to a sunny balcony with long distance views, en suite bathroom and two dressing rooms, both supplied by Jeremy Wood Interiors of Wetherby. Both additional bedrooms are en suite, while the first floor also has a family bathroom. A four-bedroom layout is easily achievable in the main house with the second dressing room in the principal suite being reconfigured to an en suite bedroom. The floor above the triple garage can be used as a fifth en suite bedroom/ancillary accommodation.

The lower ground floor boasts a fully equipped home wellness suite with an outstanding indoor heated swimming pool, gym, sauna and steam room, plus changing and shower facilities.

Location

The property is situated in the sought-after area of Newmillerdam, tucked away off Barnsley Road and conveniently positioned between the larger centres of Wakefield and Barnsley, both of which provide a comprehensive range of shops, restaurants and everyday amenities whilst more extensive shopping, leisure and cultural amenities can be found in Leeds.

Transport links in the area are excellent, with regular rail services from Wakefield Westgate station and Wakefield Kirkgate station providing connections to Leeds, Sheffield and London. Road users benefit from easy access to the M1 and M62 motorways, offering swift routes to the wider Yorkshire region, Manchester and the East Midlands, whilst Leeds Bradford Airport is within convenient driving distance for domestic and international travel.

Outside

At the front of the property, a secure automated bollard gated entrance opens to a block-paved, tree-lined driveway which leads to a cobbled parking area with space for several vehicles, and also provides access to the garaging, which comprises two integrated garages/workshop and a separate triple garage built in 2024 with electric up and over doors and underfloor heating. A useful room above is suitable for a variety of uses and benefits from plumbing for a kitchenette/bathroom.

The front terraces are designed for low maintenance and dominated by the striking sheer rock face with mature trees above providing shelter, while there are steps leading to the elevated main entrance, with an elegant regency-style stone balustrade. The terrace at the rear has an extensive patio for al fresco dining, with the beautiful regency balustrade separating the grounds from the mature border trees, which provide shade and a high degree of privacy, whilst still providing fabulous long-distance views.
