Crowton offers a range of local amenities including a primary school, church, public house and village hall, all centred around the B5153 Kingsley Road. A network of country lanes provides access to surrounding villages. Northwich, the nearest town, offers an excellent range of day-to-day amenities, supermarkets and services.

### The land

Extending in total to approximately 183.27 acres (74 ha), the land at Crowton comprises a well-located block of productive arable and pasture land. The land is generally level with good infield access and substantial road frontage. Classified as Grade 3, the soil is described as slowly permeable, seasonally wet, slightly acidic but base-rich loamy and clayey soils, well suited to arable cropping and permanent pasture. Historically, the land has supported a mixed arable rotation including potatoes, maize, and cereals.

The land is currently let under a Farm Business Tenancy (FBT) which terminates on 28th September 2025, offering vacant possession thereafter.

Owing to the land's location within close proximity to the mainline power network, it is thought the property may have some potential for future renewable energy development, particularly for solar. All prospective purchasers should make their own enquiries.
