The property

The attractively presented detached property was constructed in 2016 with characterful additions including decorative brickwork inside and out, engineered oak wood floors, complementary oak doors and a matching staircase. The beautifully appointed interiors have been designed to a high specification and include independently controlled underfloor heating to the ground floor and separate radiator system to the first floor. Large windows throughout which offer excellent natural light and extensive storage provision which includes fitted wardrobes in most of the bedrooms.

The versatile layout is ideal for both family life or couples seeking extra space, with the option to use the two ground floor bedrooms as additional reception spaces such as a study, playroom or a formal dining room. The open and inviting layout leads from the well-proportioned entrance hall to an open plan kitchen and breakfast room with integrated dishwasher, microwave, double oven/grill and fridge/freezer, and a separate sitting room with a multi-fuel

stove; these two rooms are connected by double doors making a fantastically easy space for entertaining. Separately there is a utility/boot room with space for washer and dryer. There is a large cloakroom with WC and a coats storage cupboard.

Downstairs, on the south side of the house, there is a sizeable double bedroom with an en suite shower room, currently used as a dining room and a further double bedroom/study. Upstairs, the principal bedroom has ample built-in storage with a high specification en suite shower room. The second bedroom also has ample storage space and lovely views over the surrounding countryside. It has an en suite bathroom with both bath and walk in shower facilities

Outside

The property enjoys a semi-rural position on the southerly edge of the village with excellent access to both local road routes and beautiful countryside. Mature trees envelop the good-size plot, including an impressive willow, providing natural privacy, though thanks to the elevated position, allowing views over the countryside to the southeast. The property is approached via a gated gravel driveway with ample parking for several vehicles. A detached double garage sits separate from the main house and has a studio space on the first floor which has potential for varied uses. Lawned gardens wrap around the home, bordered by well-maintained flowerbeds. A terrace is accessed from the lounge and provides an idyllic spot for entertaining in the warmer months.
